Winter Service Day/Winter Inductions

After action reports

By Jacob Guerrero

Hello Echockotee lodge!

First. I would like to thank everyone that came out and helped with the big projects on the recent service day. With your help, we got to tackle some of the projects, and I could not be more grateful. Next time you are at St. Johns River Base, be sure to check out some of the new trails that we created to hike on. I would like to give a special thanks to the amazing tree cutting team and their outstanding teamwork and communication. Can't wait to see all your cheerful service of Winter Fellowship!

Yours in Brotherhood,

Service Chairman Jacob Guerrero

By Justin Barthel

Hello Arrowmen,

During the first weekend of December, the Echockotee Lodge Inductions team led a group of scouts through their ordeal at St. Johns River Base. This was a make up ordeal due to Summer Fellowship being canceled due to COVID-19. We inducted a total of 19 ordeal candidates into our Lodge. The candidates created a new nature trail, loaded firewood into the camps, and leveled the stage. This is the first time in seven years that inductions took place at Camp Echockotee so this was a unique experience. I would personally like to thank my inductions team and especially the elangomats for helping me that weekend. I appreciate all the help and commitment that my fellow arrowmen gave to help inductions take place. I also would like to thank the ceremonies team for their efficient communication and an amazing Ordeal ceremony. Unfortunately, this will be my last time leading inductions as the Inductions Chairman of 2020. This was an excellent experience that taught me patience and adaptation. I enjoyed every second of my job and I know that my successor will do a great job in leading the inductions team! To my ordeals, please take the time and reflect on your ordeal experience and see it as a test of endurance and spirit. You should take great pride in completing your ordeal and I hope that I can see you in future fellowships to come.

Thanks for all the hard work!

Justin Barthel
